# Cactus Choy

By Rebecca Trembula

---

animal Added bird  
behind becoming Birds  
Arizona blossoms bear  
Cholla animals  
Cactus barbs  
big broken climbs close  
branches cool  
Clones eyes bit Choy Call  
DNA defense California end Hi doctors  
deeper bumps  
deep desert cuddly falls  
distance even fancy cloning eat four  
create family excellent hot  
got hide grows hugging ground great  
hard like drink find identical just  
helps lab grab neighbors let knock  
likes get microscope matches meet  
inside involve look laboratories Mexico  
lots landed much nickname  
Milkweed inches rain milkweed  
perch might outer pinch  
prickly parent's messy one One people  
sometimes refreshingly safe  
protect stuck really  
People shade space sticks  
safely soft Southern see resemblance  
strong thousands  
sun together think  
Trembula support tiny  
spot want trying  
thing using  
without twisting yummy  
well whatever thinks  
used Velcro work  
year
